Explain How You Add

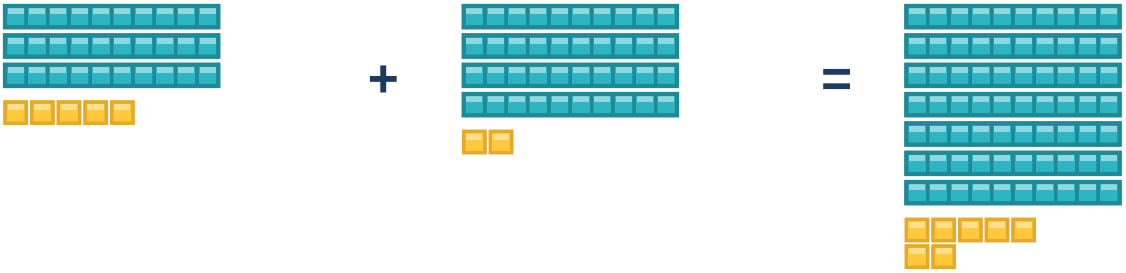
Grade 1 Math | Within 100

Name: _____ Date: _____

Say how you add. Finish the sentences.

Worked example

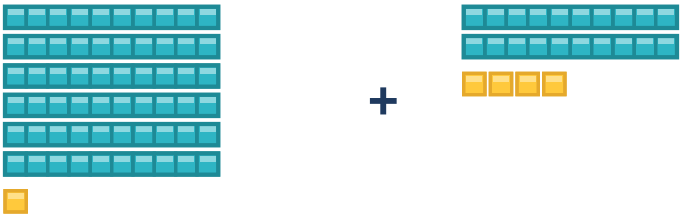
35 + 42 = 77



I added the tens first. 3 tens and 4 tens make 7 tens.
Then I added the ones. 5 ones and 2 ones make 7 ones.
So 35 + 42 = 77.

A. Finish the sentences.

61 + 24 = ?



I added the tens first. ☐ tens and ☐ tens make ☐ tens.
Then I added the ones. ☐ one and ☐ ones make ☐ ones.
So 61 + 24 = ☐ .

B. Circle the true explanation for 53 + 35 = 88.

I added the tens first. 5 tens and 3 tens make 8 tens. Then I added the ones. 3 ones and 5 ones make 8 ones. So 53 + 35 = 88.

I added the tens first. 5 tens and 3 tens make 8 ones. Then I added the ones. 3 ones and 5 ones make 8 tens. So 53 + 35 = 88.
