Why Do People Work?

Name: _____ Date: _____

Grown-ups work. Follow the pictures!

WORK
Grown-ups do jobs

EARN
They earn money

BUY
Money buys needs

First, money buys what we NEED.

Sometimes, if there is money left, a family may choose a want too.

Adult: People work to earn money. Families use money first for the things they need. Not every family can buy everything — a want is a choice for when there is money left after needs.
