Meet the Characters: Answer Key

WHAT THIS PACK TEACHES

This pack teaches your child to understand characters in stories. Your child learns to name a character trait and find the action that shows it, read feelings from what a character does, explain why a character makes a choice and what it shows about them, tell how a character feels at the start and the end of a story, and tell how a character meets a challenge.

Page 1 - What Is Maya Like?

Circle the word kind. Shy describes Ana, not Maya, and Maya is not angry.

Circle the action “Maya shares her crayons with Ana.” The other two sentences are about Ana sitting alone and a new girl coming to class, not an action that shows Maya is kind.

Page 2 - How Does Theo Feel?

How does Theo feel when the piece will not fit? Frustrated. (Accept: upset, mad.)

What does Theo do that shows how he feels? He frowns. (Accept: he pushes the piece hard.)

How does Theo feel at the end? Happy. (Accept: proud.)

Page 3 - Why Does Theo Make That Choice?

Why does Theo say to put the mitten in the lost and found box? Theo says that because the mitten belongs to someone. (Accept: because it is not theirs.)

Circle the word responsible.

Theo is responsible because he puts the mitten where its owner can find it. (Accept: because he does the right thing with something that is not his.)

Page 4 - How Does Maya Feel?

At the start, Maya feels scared. (Accept: nervous.)

At the end, Maya feels proud. (Accept: happy.)

Maya feels better because she reads her story and the class claps. (Accept: because Theo tells her she can do it, or because she does it.)

Page 5 - Theo Meets a Challenge

What is the problem? The rain falls. (Accept: the picnic is ruined.)

What does Theo do? He says they can have the picnic inside. (Accept: he finds a new way.)

Theo is flexible because he changes the plan and has the picnic inside. (Accept: creative, because he thinks of a new way; or because he does not give up on the picnic.)

Grade 1 Reading: Meet the Characters. For parents, not for the child.
