Circle what is NEW in each AFTER picture!

The beaver builds a dam.

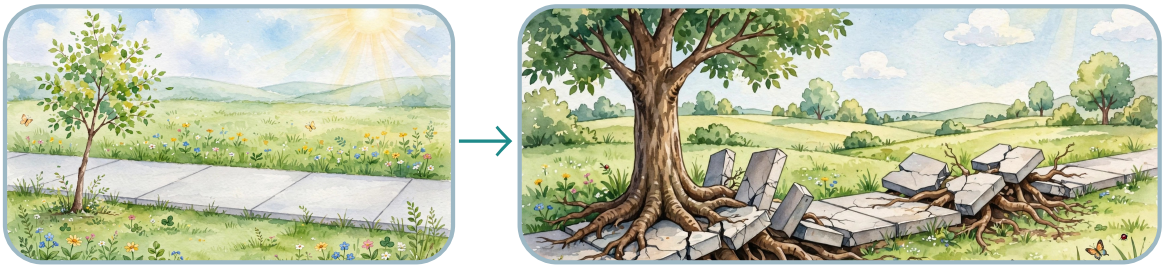

BEFORE AFTER

The worms work in the soil.

BEFORE AFTER

The tree's roots grow and grow.

BEFORE AFTER

Tell a grown-up: what changed?

Adult: The dam slows the stream and makes a pond. The worms tunnel and mix the soil. The tree's roots lift the sidewalk slabs. Scribe your child's own words for what changed in each place.
