Living Things

Watch It Grow

Name: _____ Date: _____

Plant a seed. Draw it and measure it each time!

My seed: _____ **Planted on:** _____

Date: _____

How tall?
Color the cubes.
Total cubes: _____

Date: _____

How tall?
Color the cubes.
Total cubes: _____

Date: _____

How tall?
Color the cubes.
Total cubes: _____

Date: _____

How tall?
Color the cubes.
Total cubes: _____

Adult: A bean seed in a clear cup works well. Each visit: write the date, draw the plant just as it looks, then stack cubes beside it and color one cube for each cube in the tower. Write the total number of cubes — if the plant is taller than the strip, write the full number anyway. Record what you see.
