What Should Our Class Do?

Name: _____ Date: _____

Our class plant is droopy and thirsty.

SAM SAYS:

“Water it every day!”

Plants need water to grow.

LILY SAYS:

“Take turns watering it!”

Everyone can help.

What do YOU think? Circle your idea.

WATER IT EVERY DAY

TAKE TURNS

Adult: Read both ideas aloud, then ask: What do you think our class should do? Why? There is no wrong answer — an idea with a reason counts.
